Tricky Fun

Halloween is just simple fun, right? Or is it really?
Well, that depends...

Halloween can be good fun if you remember to
honour God — not the devil — by the character
you choose or the kind of costume you wear.

It's good fun if you are polite to those whose
homes you visit, not if you pull a nasty trick or do damage.

Halloween is good fun if you are careful when you walk along
the sidewalk and streets, not run across roads and confuse cars
and other traffic, or trample through people's gardens.

Many people think Halloween is a time to dress up as a scary,
horrible character, and to do bad things.
They think it's harmless.
Satan loves it when people think like that. Then he can fool
them into believing all kinds of other lies.

The TRUTH is that God expects us to respect His Holiness always.
That is how we show Him and others that we love God.

How about these costume ideas . . .

❖ Dress up like one of your favourite characters from the Bible...
King David, or Solomon, or even Moses with long flowing robes.
❖ Pretend you're one of God's beautiful creations from nature...
How about a planet, or a precious stone, or even a starfish?
❖ Choose someone or something funny... maybe a clown, or a puppet.
❖ Choose one of your favourite foods... a slice of cake, a chocolate chip cookie, a marshmallow.

God made you creative so you can come up with tons of great ideas !!

So have a really

Happy Halloween!
