

# Angels

Have you ever wondered about **Angels**?

Who are they?

Where do they come from?

What do they do?

Angels are spirit beings created by God.  
They are His messengers & workers.

Angels are very intelligent.

They are very strong.

Angels do not die.

Angels can do amazing wonders.

Angels are usually unseen by us,  
but they're all around us,  
and they observe what we do.

Angels are sent by God to help all of those who  
believe in Jesus Christ.

The most important job that angels do  
is to worship & praise God.  
They do so always!

God has created so many angels  
that we can't count them.

Angels are not human beings – though they can  
look human sometimes. The Bible tells us  
about some angels who visited God's people,  
and the angels resembled men.

Jesus said that children have  
their own angels.

Holy angels are like God's hands in the world,  
but we should never pray to them or worship them.  
Only God is worthy of our worship.

Jesus said, "...there is rejoicing in the presence of the angels of God over one sinner who repents." (Luke 15:10).  
This means that holy angels **celebrate** when you receive Jesus Christ as your Saviour.

Are all angels good?  
All angels were **created**  
to be holy.  
But those who followed Satan  
are no longer holy – these are the  
**demons**,  
and God has condemned them  
to be **punished forever**.

There are lots and lots **more holy angels** than demons. We can be very glad for that !!  
These holy angels are always moving between heaven and earth, **helping God's children** in all that we do. **If you are a child of God**, you may have an angel helping you **at this moment** with something you're going through. Maybe it's a school project, or a problem with a friend, or a health problem.

We can **thank God** for sharing His angels with us.

*And* we can...

*Thank the Lord Jesus*

...who makes it possible for us to receive their help.
