

Book of Life

There is a very special book that is kept in Heaven. It is called the **Book of Life**.

It lists the names of certain people who have lived on Earth. People named in that Book will get to see Heaven.

After they die here on Earth, these people will live forever with God. They will even get to see and explore the amazing new Earth that God will create in the future.

Anyone whose name is written in the Book of Life can be very glad, because their future is safe and secure with God.

Those whose names are not recorded in the Book of Life have no hope for the future. The Bible tells us that after they die they will be banished forever to a place of pain & suffering — a **lake of fire** is how the Bible describes it!

How do we get our name into the **Book of Life**?

Here's a clue: It is also known as the **Lamb's Book of Life**. Jesus Christ is called the Lamb of God in the Bible, because He died as a perfect blood sacrifice for the sins (wrongdoings) of the people of the world. **Jesus has full and complete control** over the contents of the Book of Life. He has been given this power by His Father, God.

Anyone who admits that he (or she) has done wrong and who puts his faith in the Lord Jesus to save him shall have his name written into the Lamb's Book of Life.

Jesus' sacrifice means **we can be forgiven**, and **we can be saved** from punishment. We don't have to be banished to that horrible place — unlike those who do not trust in Jesus, who do not have their names in the Book.

Jesus loves His people and He wants them to live forever with Him — even after death. That's why He keeps such a **careful, perfect record**.

When a person trusts in Jesus, He records that person's name into the Book. And with each new entry, the **angels celebrate!**

Will your name be next?
