

Who Is Jesus Christ?

"I am the way and the truth and the life.

No one comes to the Father except through Me." – John 14:6

Imagine you want to get to the top of a very tall building.
At the top is the most special person in the universe – your heavenly Father.
He has prepared a magnificent home for you there.

The only thing is – you have to get up there. Should you take that staircase on the left,
or that other interesting one on the right?

Then you notice an elevator in front of you. The door opens and a you're invited in.

Inside is the Lord Jesus. He knows the way up to that special place.

Jesus travels there on strong cables called Truth.

That's because He is the true Son of God – the only One who knows the way.

God accepts only Jesus and those He brings with Him.

But what about those staircases you saw? A lot of people are trying to climb them by doing all
kinds of things instead of putting their trust in Christ. The problem is: the harder they climb, the
further away they are from God. At the end, they meet with sadness and pain in a place called hell.

But for those who put their faith and trust in the Lord Jesus,

He does the hard work of carrying you to that special place called Heaven.

He died and rose again with great power & strength, so He's able to carry all who want to go there.

Now doesn't it make much more sense to take that elevator?
